<b>Date: May 31, 2016</b>	<b>Case Number: TI16-10626</b>
<b>Classification: Fugitive Arrest</b>	<b>Offense Date/Time: May 31, 2016 - 9:24 a.m.</b>
<b>Offense Location: 12100 Block, Treasure Island Beach</b>	

At 8:29 a.m., a caller reported seeing suspicious males on the beach dune walkover on 121<sup>st</sup> Avenue in Treasure Island. The caller reported observing suspicious males pushing an unoccupied baby stroller and hiding something under the dune walkover. Officers responded and initially made contact with two males who denied involvement. A cooler and personal property were located under the dune walkover.

While continuing to search the area, one of the earlier males was observed suspiciously gesturing to another male who was standing between two buildings. Officers made contact whereupon he provided a name that could not be validated. While waiting for a Rapid ID response using a portable fingerprint scanner, the male fled on foot towards the beach. Officers chased the suspect who ran into the water at the 12300 block on the beach. Once surrounded by officers, the suspect came back to shore where he was apprehended.

The suspect was positively identified as Justin Corey Everett, DOB 06/27/1987. Officers confirmed Everett was wanted for Escape out of Hall County, Georgia. A warrant confirmation noted Everett had escaped from a work release program in Gainesville, GA. Everett was later transported to the Pinellas County Jail without incident. Additional charges from the Treasure Island Police Department include Resisting Arrest. Everett is being held without bond, pending an extradition hearing.
