PLEASE be informed that the staff can not legally stop a parent from removing a child from the program but can try to peacefully detain such parent until the local law enforcement officer arrives.

### **INJURIES/MEDICAL CONDITIONS**

It is the policy of the Recreation Department to call **911** anytime a child has sustained a head injury - whether minor or major - or a questionable injury. The attending paramedics will require a parent or guardian to sign off on the child's injury. This policy is to protect the health of your child, as some injuries -especially head injuries - can go undetected for hours.

The Recreation Department staff will contact a parent or guardian immediately should staff suspect that the child may require immediate medical attention which could be contagious or threatening to others in the program.

## **MEDICATION**

**The Recreation Department will not dispense medicine to your child.** The staff members can remind your child to take his/her medicine at the scheduled or recommended time.

## **EPI-PEN POLICY**

Staff will carry the Epi-Pen during camp hours, only. In the event that the child appears to have an allergic reaction, staff will guide the child through the procedure of administering the Epi-Pen while at the same time calling 911. Staff will assist the child through the guidance of the 911 medical personnel until the paramedics arrive.

To facilitate the staff's guidance to the child, the parent must provide documentation from the child's doctor defining the child's condition and necessary requirements. The child's doctor shall provide step-by-step instructions for administering the Epi-Pen so that staff can assist the child through the dispensing of the medication.

Staff will not physically administer the Epi-Pen to a child but will provide the necessary assistance with helping the child through the procedure.

Any parent or guardian of a child requesting that staff carry an Epi-Pen for their child shall first be provided with a copy of this policy, and sign consent to this policy.

## **HEAD LICE**

A strain of "super lice" that is resistant to over-the-counter treatments has been reported in 25 states. Here's what you need to know about the outbreak and how you can protect your children:

### **What are super lice?**

Super lice, like regular lice, are parasitic insects that can live in the scalp, eyebrows and eyelashes of humans and feed on blood. Due to a genetic mutation, super lice are resistant to pyrethroids, the family of insecticides contained in common over-the-counter treatments used to kill lice.

**Where are super lice a problem?** A [national study](#) found the treatment-resistant lice in 25 states in the U.S. **including Florida**

**How do super lice spread?** Much like regular lice, super lice are spread by direct contact with the hair of an infested person, the [CDC reports](#). Head lice move by crawling and cannot hop or fly. Lice can also spread by sharing clothing or hair accessories recently worn or used by a person with lice, although this is less common. Dogs, cats and other pets cannot spread head lice.

**How do you know if your child has super lice?** The symptoms of head lice include the feeling of something moving in the hair, an itchy scalp, irritability and difficulty sleeping. The only difference between regular lice and super lice infestation is the response to treatment. If your child still has lice after a complete over-the-counter treatment, they may be infested with a resistant strain.

**How are lice and super lice treated?** The [American Academy of Pediatrics](#) recommends parents and caregivers use over-the-counter

treatments unless resistance has been confirmed in other cases in the community. Instructions on the package should be followed exactly and all clothing, linens and toys used by the infected person should be washed in hot water or dry cleaned. If the lice are treatment-resistant, a pediatrician can prescribe another form of treatment that has been proven effective against super lice.

**How are lice and super lice prevented?** Because head lice spread so easily in schools, playgrounds and daycares they are difficult to prevent. The AAP recommends teaching children not to share hats, combs or other items that come in contact with hair. **Children should also be checked for lice if there is an outbreak in their school or camp** – even if they aren't complaining of itching. Head lice is often a problem in locations where groups of children play together.

Summer camps are favorite places for head lice, which often arrive on the heads of the incoming campers. At summer camp, kids play together and ride the buses in close contact, as well as frequently sharing hair accessories, etc...

Therefore, it is the responsibility of the parents/guardians to check their child(ren)'s head for lice or nits **before camp starts** and **periodically throughout the Summer**. **It is also ESSENTIAL that parents notify the Recreation Office if it is discovered that your child has head lice.** Due to the **highly contagious** nature of head lice, the City must require and enforce the rule that children with head lice or nits not be allowed to attend camp until completely "nit-free". Parents/guardians will be notified immediately and will be required to pick up child(ren) with head lice or nits from camp.

We follow the policy of Pinellas County Schools which has a No-Nit Policy that calls for the exclusion of a student/camper from school/camp until the removal of all lice, eggs, and nits has been accomplished. A parent must accompany the child when they return to school/camp after being treated. Students/campers must be nit-free to return to class/camp. Recreation staff will check children's heads upon return to camp to ensure the child is "nit-free". Children suspected to still have nits or lice will not be able to return to camp. **Parents may bring in a doctor's note clearing the child for camp in lieu of staff's subjective opinion.**

It is not the responsibility of the Recreation Department staff to check children's heads for lice.

### **GUESTS**

Participants will not be permitted to bring guests to the program. NO exceptions will be allowed.

### **SUMMER T-SHIRTS**

Children will be required to wear their SUMMER t-shirts for some field trips ie: Ray's game; Chuck E Cheese, etc...; however, t-shirts are not required for daily wear.

### **LOST & FOUND**

The Recreation Department will not be responsible for participant's money, clothing, lunchboxes, tape recorders/radios, bicycles, or any additional belongings. PLEASE put your child's FIRST and LAST NAME on all personal items. Lost and found boxes will be located in the Community Center storeroom. Please see the Recreation Aides/Bus

Drivers first thing in the morning or at the end of the day for entrance into the storeroom. PLEASE do not ask the coaches for access into the room, as they do not have keys.

### **TELEPHONE MESSAGES**

Parents/guardians needing to get in touch with their child(ren) should call the Recreation Office at 547-4575, ext 237. The Recreation Office will relay the message directly to the child's coach or the child. Should the Recreation Office be unoccupied, PLEASE leave a **VOICE MAIL MESSAGE** or return to the **OPERATOR** and request to leave a message for the Recreation Office personnel.

### **PHOTO POLICY**

Photographs taken by the Recreation Department at the city camps are often used in presentations, fliers, websites and local newspapers. If you do not want to have your child's photograph in any marketing material, please contact the Recreation Department immediately.

### **DISCIPLINE POLICY**

The Recreation Department's philosophy is that children can behave appropriately. The staff will not and cannot tolerate a child from stopping staff or other program participants from having an enjoyable experience at camp. The staff realizes that

SUMMER is a time for FUN! That is why it is so IMPORTANT that children behave appropriately while at camp. The staff can not continually correct children's misbehavior without the actions effecting the flow and progress of the main goal of the program which is to provide SAFE FUN!!!

**The Recreation Department's Discipline Policy is as follows:**

### **PROGRAM RULES**

1. Children must listen when spoken to.
2. Children are expected to keep their hands and feet to themselves.
3. Children are to be respectful to staff and other program participants.
4. Children are required to obey all program rules as directed by staff.
5. Children will be respectful to City property and all facilities attended.
6. Children must use appropriate language while at camp or on field trips.

### **IF A CHILD CHOOSES TO BREAK A RULE**

1st consequence	Verbal Warning
2nd consequence	Time-Out for 5 minutes
3rd consequence	Time-Out for one minute for each of the years of the child's age. Disciplinary log completed on child's behavior. Parent notified of problem by child's coach.
4th consequence	Miss one field trip. Disciplinary log completed on child's behavior. Parent notified of problem and action taken by child's coach. Money refunded for trip.
5th consequence	One day suspension from program. Parent notified of problem and action by Recreation Office staff. <u>NO</u> refund of program

money.

A disciplinary log will be sent home if your child reaches a 3rd, 4th or 5th consequence. Parents are to sign disciplinary logs and return to staff.

**INAPPROPRIATE LANGUAGE AND SEVERE DISRUPTIONS** will immediately go to the 4th or 5th consequence or expulsion. This occurs if a child severely disrupts, intentionally bullies another child to the extent of harm, willfully harms property or person, refuses to obey staff or engages in actions that stops the coach or other children from having fun. Constant misbehavior will result in expulsion from program, without refund of program money.

**CHILDREN WHO FOLLOW RULES COULD POSSIBLY EARN** special privileges, verbal praise, Camper of the Week, etc...

**The Disciplinary Policy form must be signed and returned to the Recreation Office prior to any child being accepted into the program.**

### **CAMPER OF THE WEEK**

Is awarded to children, who can follow directions, demonstrate general good behavior and participate in activities while at camp. A child is picked from each group. On each Wednesday, the coaches will notify the parent of the child who is to receive CAMPER OF THE WEEK. Chick-fil-A or McDonald's lunch is awarded to the Campers of the Week on Thursday for lunch, and a certificate is presented to the child.

### **TRANSPORTATION**

Transportation is provided by the Treasure Island Recreation Department. The City will use two (2) buses for transportation to and from field trips. The City rents charter buses for the Legoland and Adventure Island field trips, in which the cost is included in the field trips.

### **BUS RULES**

- Children are to remain seated forward and as quiet as possible while traveling on the bus.
- Care shall be taken so that the children do not open the emergency exits, peel tint from the windows and vinyl from the bus seats.
- NO food or drinks will be permitted on the bus.
- Proper entry on and exit from the bus is important and will be practiced.
- Any misconduct on the bus may result in disciplinary action and/or suspension from future transportation on the bus.
