ARTICLE 10
GRIEVANCE PROCEDURE

In a mutual effort to provide harmonious working relations between the parties of the Agreement, it is agreed to and understood by both parties that there shall be a procedure for the resolution of grievances arising from the application or interpretation of this Agreement.

A grievance shall be defined as an alleged violation of a specific provision of this Agreement. A working day in this section will be defined as a normal 8 hour working day for management.

Grievances shall be processed in accordance with the following procedure.

STEP 1.

The aggrieved employee shall discuss the grievance with his immediate supervisor within five (5) working days of the occurrence which gave rise to the grievance. An Association grievance representative may be present to represent the employee, if the employee desires him present. The immediate supervisor shall attempt to adjust the matter and/or respond to the employee within five (5) working days.

Where a grievance is general in nature in that it applies to a number of employees having the same issue to be decided, it shall be presented directly at Step II of the grievance procedure within the time limits provided for the submission of a grievance in Step 1, and signed by the aggrieved employee(s), and the Association representative on their behalf if the employee(s) so desires his assistance. All grievances must be processed within the time limits herein provided unless extended by mutual agreement in writing.

STEP II.

If the grievance has not been satisfactorily resolved the aggrieved employee and the Association representative, if the employee wishes his assistance, shall reduce the grievance to writing on the standard form provided for this purpose and present such written grievance to the Chief within five (5) working days from the time the immediate officer's response was due in Step 1.

The Chief shall meet with the employee(s) and the Association representative if the employee wishes him present within five (5) working days. The Chief shall respond in writing within five (5) working days from the date of the meeting.

STEP III.

If the grievance has not been satisfactorily resolved in Step II, the employee or the Association if the employee wishes its assistance, may present a written appeal to the City Manager within five (5) working days from the receipt of the Chief's written response. The City Manager shall meet with the employee(s) and the Association representative if the employee wishes him present within five (5) working days. The City Manager shall respond in writing within five (5) working days from the date of the meeting.

Any grievance not processed in accordance with the time limits provided above shall be considered conclusively abandoned. Any grievance not answered by management in the time limits provided above automatically advances to the next higher step of the grievance procedure.

ARBITRATION

Any grievance not resolved in the grievance procedure may be referred to arbitration within ten (10) calendar days from the date when the City Manager's response is due in Step III. If the parties fail to mutually agree upon an arbitrator within five (5) calendar days after the date of receipt of the arbitration request, a list of five (5) qualified neutrals shall be requested from the federal mediation and conciliation service by the Personnel Director.

Within five (5) calendar days after receipt of the list, the parties shall meet and alternately cross out names on the list and the remaining name shall be the arbitrator. A coin shall be tossed to determine who shall cross out first.

The arbitration shall be conducted under the rules set forth in this Agreement, not under the rules of the American Arbitration Association.

The arbitrator shall have no authority to consider or rule upon any matter which is not a grievance as defined in this article, or which is not specifically covered by this Agreement.

The arbitrator shall confine himself exclusively to the question which is presented to him, which question must be actual and existing. Copies of the award of the arbitrator, made in accordance with the jurisdictional authority under this Agreement, shall be furnished to both parties within thirty (30) days of the hearing and shall be binding in accordance with Florida Statutes 447.401.

It is contemplated that the City and the employee shall mutually agree in writing as to the statement of the matter to be arbitrated prior to a hearing. If this is done, the arbitrator shall confine his decision to the particular matter thus specified. In the event of the failure of parties to so agree on a statement of issue to be submitted, the arbitrator shall confine his consideration to the written statement of the grievance presented in Step II of the grievance procedure.

Each party shall bear the expense of its own witness and its own representatives. The parties shall bear equally the expense of the arbitrator. Any party requesting a copy of the transcripts of such arbitration hearing shall bear the cost of the same.

The arbitrator shall be requested to render his decision as soon as possible, but in any event, not later than thirty (30) calendar days after the hearing. In case of a grievance involving any continuing or other money claim against the City, no award shall be made by the arbitrator which shall allow any alleged accruals for more than five (5) calendar days prior to the date when such grievance shall have been submitted in writing. The hearing on the grievance shall be informal and the rules of evidence shall not apply.

ARTICLE 11

In the event the amount of time in classification is equal and the evaluations are equal, the order in which the employees are laid off or recalled will be at the discretion of the Fire Chief. No new employees shall be hired until such time as all employees laid off within the preceding twelve (12) months have been given the opportunity to return to work, if such employee is physically qualified subject to the City doctor's physical examination and the requirements of the state minimum standards for firefighters to perform Fire Department work at the time of recall.

ARTICLE 22
SUBSTANCE TESTING

In the interest of safety, health and performance of our workforce and our citizens the City of Treasure Island requires, as a condition of continued employment, that employees refrain from substance abuse both on and off the job. The policies and procedures contained in this section are for the purpose of achieving that goal.

This policy is implemented pursuant to the Drug Free Workplace Program under the Florida Workers' Compensation Act, FLs. Statute section 440.102 and attendant Rules Section 59A-24.001, et seq., F.A.C. This act provides that any employee who is injured in the course and scope of employment and test verified positive on a drug or alcohol test, may forfeit his/her eligibility for medical and indemnity benefits under the Florida Worker's Compensation Act, and may be terminated and denied unemployment benefits. Further, refusal to take a drug or alcohol test will also result in the employee forfeiting his/her eligibility for medical and indemnity

benefits under the Florida Workers' Compensation Act, as well as possible termination of the employee and denial of unemployment benefits.

The City prohibits employees from bringing onto the City's premises or job sites; having possession of; being under the influence of; possessing in the employee's body, blood or urine, or using, consuming, transporting, selling or attempting to sell, giving away any illegal drugs (including prescription drugs illegally obtained or prescribed for the individual only), or alcohol, at any time. Employees found participating in any of the above activities are guilty of misconduct and shall be discharged.

TYPES OF TESTING

The City may and to the extent permitted by law, will use testing as one of the several means of enforcing its drug free workplace policy. Testing will be conducted in the manner and circumstances listed below, including reasonable suspicion testing which may be drawn from inferences or facts. All drug screens (with the exception of pre-employment and annual fitness for duty drug screens) will include alcohol testing. The list that follows is considered all inclusive:

- (1) Pre-employment
- (2) Reasonable suspicion of substance abuse
- (3) Following on-the-job accidents resulting in personal injury or significant property damage; *Note: employees may not use alcohol for eight (8) hours following an accident if a post-accident alcohol test is conducted, whichever comes first.*
- (4) Fitness for duty medical examinations
- (5) Employees participating in a substance abuse rehabilitation program (subject to quarterly testing for a period of two years after program completion)
- (6) Random testing

The testing performed will analyze a breath, urine or blood specimen for the presence of any of the following substances or a metabolite of the substance:

- (1) Alcohol - Ethyl alcohol as a beverage or as part of a medication;
- (2).Marijuana - Cannabinoids, THC;
- (3).Cocaine;
- (4).Methadone - Dolophine, Methadose;
- (5).Barbituates - Nembutal, Tuinal, Seconal, etc.;
- (6).Amphetamines - Desoxyn, Biphedamine, Dexedrine, etc.;
- (7).Methaqualone - Quaaludes;
- (8).Opiates - Codeine, Percodan, Paregoric, Morphine, etc.;
- (9).Propoxyphene - Darvon, Dolene, etc.;
- (10) Phencyclidine - (PCP);
- (11).Benzodiazepines - Librium, Valium, Xanax, Serax, Halcyon, etc.

Testing may also include designer drugs or other abused substances as added by Federal or Florida Statutes.

Levels of detection for a positive drug result for screening and confirmatory tests will be those established by the United States Department of Health and Human Services for the *Federal Guidelines on Drug Testing*.

Alcohol testing

Alcohol testing will be conducted using evidential breath-testing devices approved by the National Highway Transportation Safety Administration. Two breath tests are required to determine if an employee has a prohibited alcohol concentration. A screening test is conducted first. A confirmation test must be conducted if the screening test detects any alcohol. A confirmed result indicating a blood alcohol concentration of .02 or greater will be considered a positive test.

A list of the most common drugs or medications by brand name, common name, as well as chemical name, which may alter or affect a drug test is available to all job applicants and employees at the time of testing.

A form will be provided for employees or job applicants to voluntarily and confidentially report to a Medical Review Officer the use of prescription or non-prescription medications both before and after being tested. Providing this information shall not preclude the administration of the drug test, but shall be taken into account in interpreting any confirmed positive test result.

The use of legal drugs, that is drugs prescribed by licensed physicians for a specific medical purpose is often necessary. However, such drugs can and often do have a direct impact on the vigilance, judgment and/or coordination of the employee and can adversely affect the employee's job performance and the employee's ability to work in a safe and efficient manner. Therefore, an employee for whom a licensed physician or dentist prescribes a controlled substance should discuss whether or not this prescribed drug will affect their ability to conduct their job in a safe and efficient manner. It is the employee's responsibility to report if a doctor indicates their prescription could create a direct threat to the health or safety of the employee or others, or impairs their ability to perform the essential functions of his/her job. Should the restrictions be such that the City cannot accommodate, the City may temporarily reassign the employee or request the employee to take sick leave during the period of treatment. Detection of controlled substances will be presumed to be in violation of this policy unless the employee has advised the City of its medicinal use in advance.

The City respects the privacy of an employee's legal use of medication. The name of the medication you are taking need not be revealed to the City. Only the effects of such, and any accommodations that are needed, are required to be revealed. It will be up to the Medical Review Officer to determine if the medication interceded with a drug test or the unsafe performance of your job.

Specific confirmation testing will be performed for all positive test results. Employees testing positive for prescription drugs that are commonly abused must produce evidence from their attending physician to justify the treatment necessity for use of the drug(s).

Within five working days after receipt of a confirmed positive test result from the Medical Review Officer, the employer shall inform the employee or job applicant in writing of such confirmed positive test results, the consequences of such results, and the options to the employee or job applicant.

The employer is responsible for testing costs, except for test costs that are involved with an employee or job applicant who challenges the initial test results.

Reasonable Suspicion Testing

Any employee reporting to work who demonstrates impaired conduct considered unsafe for the performance of his/her job duties or if an employee becomes similarly impaired on the job, will be observed and/or interviewed by a supervisor to determine the cause of the irregular behavior.

If the supervisor concludes that the irregular behavior is unsafe, the employee will not be allowed to continue working and shall be transported to a medical facility for drug testing. Alcohol testing will normally be performed by qualified personnel from the Treasure Island Police Department. The employee will not be allowed to drive any City vehicle.

Reasonable suspicion testing shall also be conducted when there is:

- (1) Observable phenomena while at work, such as direct observation of drug use or of the physical symptoms or manifestations of being under the influence of a drug or alcohol; odor of alcohol on the breath.
- (2) Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance;
- (3) A report of drug use, provided by a reliable and credible source; A report of alcohol use within a time period prior to reporting for duty that would cause one to reasonably expect that alcohol would be detected by intoxilyzer testing.
- (4) Evidence that an individual has tampered with a drug test during his employment;
- (5) Information that an employee has caused, contributed to, or been involved in an accident while at work;
- (6) Evidence that an employee has used, possessed, sold, solicited, or transferred drugs while working or while on the employer's premises or while operating the employer's vehicle, machinery or equipment.

Supervisors will document their observations and conduct an employee interview.

Final disposition of the incident will be documented with the signatures of the supervisors/department heads, and dated.

A copy of the Confidential Supervisor's Incident Report will be provided for the employee with the employee's signature of receipt. This Confidential Supervisor's Incident Report will be retained by the employer for a period of at least one year.

Random Testing

All employees are subject to random testing for substance abuse at any time during working hours.

The selection of employees for random alcohol and controlled substances testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with an identifying number. Under the selection process used, each employee shall have an equal chance of being tested each time selections are made. There is no limit to the number of times any employee may be tested. The minimum annual percentage rate for random controlled substances testing shall be 50 percent of the average number of employees.

Consequences of Positive Test or Test Refusal

- (1) Refusal or failure to submit to testing, or a confirmed positive test result following an on the job accident or injury, shall disqualify an employee from workers' compensation benefits.
- (2) Confirmed positive test results shall eliminate applicants from employment consideration.
- (3) Failure to participate in random, reasonable suspicion, pre-employment, fitness for duty or other City designated drug or alcohol testing shall result in termination of employment.

(4) Any employee with a confirmed positive test result shall be terminated from employment.

(5) Refusal or failure to submit to testing following an on-the-job accident shall result in termination of employment.

In the event that an employee informs the employer in writing of employee's abuse of alcohol/drugs prior to reporting for duty and prior to being notified to report for testing, no disciplinary action shall be taken against the employee ; provided, the employee signs a rehabilitation agreement and enrolls in an approved rehabilitation/treatment program.

Sick leave and/or vacation may be utilized for rehabilitation and treatment. If sick leave and vacation credits have been exhausted, the employee may request leave of absence, without pay. No employee will be granted more than one such rehabilitation opportunity.

Employees who are granted a leave of absence under this section must complete all EAP, medical and other rehabilitative requirements established by the City for them within a reasonable amount of time in order to be considered for return to work. The employee shall be given no service credit, pay (other than accrued sick and vacation) or accrue any benefits for the period of absence.

Other Grounds for Termination

An employee bringing onto the City's premises or job sites; having possession of; being under the influence of; possessing in the employee's body, blood or urine (at levels exceeding or equal to established cut off levels, or using, consuming, transporting, selling or attempting to sell, giving away any illegal drugs (including prescription drugs illegally obtained or prescribed for the individual only), or alcohol, at any time is guilty of misconduct and shall be discharged.

Challenging Test Results

The employee or job applicant desiring to challenge a confirmed positive drug test result will be responsible for notifying the original testing laboratory of an alternate HRS licensed laboratory, for the purpose of transferring, under Chain of Custody, a portion of the employee or job applicant's specimen for re-testing. The employee may have a portion of their original specimen re-tested during a period of 180 days following written notice of a positive test result. When an employee challenges the result of a confirmed positive test it shall be the employee's responsibility to notify the laboratory and the sample shall be retained by the laboratory until the case is settled.

Concerning denials of workers' compensation benefits due to a positive test result, an employee may undertake an administrative challenge by filing a claim for benefits with a Judge of Compensation Claims. Other challenges of a confirmed positive test result, not involving work place injuries, must be filed in a court of competent jurisdiction.

Employees or job applicants may consult with the Medical Review Officer for technical information regarding prescription or non-prescription medications that may affect test results.

Job applicants or employees whose drug test results are confirmed positive shall not, by virtue of the result alone, be defined as having a "handicap."
